## SUBSCRIPTION UPDATE:

To ensure that you remain on the THULE mailing-list, we ask that you write us at our new mailing address. THULE is sent free-of-charge to P.O.W.'s and Political Prisoners. If you have not yet sent us your paperwork establishing your P.O.W./Political Prisoner status, please do so as soon as possible. New subscription rates will apply to the next four quarterly issues of THULE. The new rates are \$7 for prisoners, \$10 for non-incarcerated subscribers, and \$12 for all over-seas subscribers. If you have not renewed your subscription, now is an important time to do this. Also, due to the landslide of mail we receive, we will require that you enclose the appropriate postage for any direct-response you may request.

## UPDATE ON PRISONER ESSAY CONTEST:

THULE/THE ASSOCIATION is now sponsoring a prisoner essay-contest. The topic; "What stands in the way of unity among white-racialists, and what could possibly be done to resolve this." Prizes awarded for the four-best essays will be: \$100 for First-place, \$75 for Second-place, \$50 for Third, and \$25 for Fourth-place. All entries must be submit by the first of September, 1998.

Thule is produced and published by the THULE PUBLICATIONS. All material herein is the sole property of THULE PUBLICATIONS. Opinions of individual authors may vary, and are not necessarily endorsed by the publishers. Thule is a literary organ, with the purpose of debate and communication of new ideas and thoughts within our movement, and in continuance of our policy of "Volk Uber Alles", and the establishment of an autonomous-homeland in the Northwest. Comments, ideas, stories, essays, artwork, etc. are encouraged, and will be printed as space, time and appropriateness allow.

# WHAT IS WRONG WITH THE MOVEMENT? BE YOU FOREWARNED!

*By Bruce C. Pierce, P.O.W.  
der BRÜDERSCHWEIGEN*

Much, and nothing. Depends on how you look at it. If we're in a state of war, much. If a state of peace, nothing. One's values and state of mind come before decision and action.

It would appear that the status and general condition of poor and middle-class whites are declining. This decline is obviously not by accident, but by design. Thomas Chittum, in his book CIVIL WAR TWO, calls it "imperial conversion." That is the government and powers that be are in the process of relegating us to the lowest social and economic status in imperial-America, for reasons of their own. The jewish-media (screen or print), false (judeo) Christian churches, schools and so on, have been successful in softening us up in preparation for this change. We've not only accepted this conversion and change, we've ASSISTED in our own demise, with barely a whimper.

They've softened us up for this conversion by changing our own values and standards, so that we now accept their values and standards as our own, as we now pursue materialism and hedonism. We desire THINGS and GRATIFICATION of the senses more than righteousness and freedom.

We've got to look deep down inside of ourselves and see what it is that motivates us. Is it the desire of THINGS? That inordinate greed, kindled by the system, that causes us to sacrifice our own values and standards in pursuit of its bangles and baubles. Plastic and steel?

Is it the gratification of the flesh? Alcohol? Drugs? Sex? Or other fleeting pleasures of the flesh?

It's either materialism or hedonism that keeps you preoccupied. Think about it a moment; you have been co-opted by their system, and you are the agents of your own demise because you seek THINGS and PLEASURE above ALL else; above moral-righteousness of living and animating freedom.

We are our own greatest enemies; and one is either part of the solution, or part of the problem. One either aids the system with their loyalty, or aids the cause. You cannot have it both ways.

The time is fast-approaching when we'll have to view those who possess the knowledge of truth, as either brothers and sisters, or enemies. If one possesses this knowledge and doesn't support it in some active fashion (disseminating the knowledge to our ignorant kinsmen outside the movement, or actively-supporting or participating in the underground), then one is as much an enemy as the system and those who actively support it.

Be you forewarned: No more sidelines. No more middle-ground. By your fruit, or lack thereof, we will know you. Choose you this day whom you will serve. I remain committed to my God, Yahweh, and to my race. They ALONE do I serve.

## THE DOMINO THEORY

*By Kristoff Rowland, P.O.W.*

National-Socialist Germany was not about deceiving oneself, or it's Folkland, with regard to the grimmer-realities of our existence. Only by facing-up to the deeper-truths concerning our existence, can we Aryans begin to over come the obstacles that are the "foundational-pillars" of our enemies."

With the following analogy of government and power, we can understand what the foundational-pillars of our enemies consist of. Imagine a line of dominos. Each domino being a foundational-pillar, and representing various forms of establishment/system/status-quo; in short, the "structural-power," now in the hands of World Jewry. The 101 dominos have a center point called "zero," with 50 dominos on the right side, and 50 going toward the left side. Now, for this analogy, we'll call the 50 on the right-side "the good side"; pillars with the "potential" to bring about positive, beneficial-changes (magnitudes of solutions for those folk who care about their existence getting better). Also, we'll call the 50 on the left-side "the evil side," pillars with the "potential" to bring about negative, detrimental changes (the "bone" of all honorable, noble, beautiful, and dignified folk, who care about their existence getting better). In Amerika, things are rarely what they seem--especially the

myriad's of corporations, companies, stores, entertainment, news-media, and forms of cultural expression, (i.e., books, magazines, etc..)

So, I offer now, kinsmen and komrades, a relevant example of such ZOGery that is an identified foundational-pillar.

Take, for instance, the worlds largest corporate fast-food franchise, with its hideous-aspiration to "sell a billion" in every country. The once "white corporation" has long since become an entity wielded by world-jewry. For the past 15 years or so, this corporation has waged a campaign to destroy hundreds of millions of "square acreage," of South-Amerikan rain-forest. This rain-forest yields one-third of the world's "total oxygen-producing capacity." This is not merely Amerika's oxygen, but the entire world's breath-of-life. Statistically, of over 18% of the rain-forest's oxygen-producing capacity, 6% is destroyed "for the next 300 years."

All of this because this Corporation found it cheaper to raise and buy beef-cattle in South-Amerika, rather than the "US of A." Naturally, they disguised this by creating "dummy-companies" owned by South-Amerikan "citizens." This is but one example of U.S. government failure, allowing individualistic-purists to run rampant to the point of "insanity." This is why the Japanese attacked the US, and there are thousands of such corporate and industrial examples of atrocity.

So, imagine then the "zero" domino (temporarily) is the said example-corporation; the "key and catalyst" toward toppling many of the "right-side" dominos. Imagine if a large number of such locations, say 40, were to be "simultaneously-squashed." A media-void exists now, as the masses want to know "WHY." A prepared information-campaign (i.e., videos, cassettes, pamphlets) explains "WHY," and is mass-mailed in a "world-wide" strategy-fashion; this creates our "catalyst." The "zero" domino has fallen to the

"right-side." As the masses learn the truth we've presented, something "miraculous" can happen. Those who care about a better-future, now have the opportunity to voice themselves on an issue "everyone is aware of." We could make beneficial-gains, such as a boycott that ends the damage of rain-forests and demands "environmental reparations," or legislation geared toward preserving our ecosystems. Best of all, we have been able to expose the nefarious aims of the so-called "White-House," thereby "triggering an increase of Resistance." This is the US government's biggest

fear; that the main-stream population will achieve a fundamentally "huge-solution" benefit. After which, the world's worthy-masses can stand united and say, "If we can achieve this, why not this also." Telling the so-called US government leaders "we demand you make this change for our betterment." This US government wants no such changes. It has done "think-tank" studies on every problem the world has, and "found the solutions." Such solutions are buried-away, in top-secret vaults, never to be utilized.

Let's face it, since this ipso facto "world-jewry" White-House puppet-government wants no changes that are good for our Folk or World, we must then "force" such changes. So, look for the Pillars that we can topple, to the right-side of "zero." Then, create your "catalyst" and expose the enemy, the problem, and introduce the solution. "Every major problem is a foundational-pillar of enemy power." The "key" is to awaken the masses with a "catalyst" that demands media-coverage. When everyone is asking "WHY," we can supply the "answers." Any activist worth their weight will be able to evaluate and utilize this theory, if they so choose to.

If you want to contact me for the furtherance of these positions, feel free to. I long-for and live for the

days wherein our Folk can reclaim our land, heritage and destinies.

## YITZHAC SHAMIR & ADOLF HITLER

*By Nuno Monteiro, P.O.W.*

Everyone is well-aware of the jewish accusations against, and condemnation of Germany, for committing the "Great Holohoax"; six-million lies!. So, in this article, I would like to show the readers portions of a letter, written by Yitzhac Shamir; that little-man--inflexible and powerful--the first Prime-Minister of Israel.

In 1941, Shamir operated under the name of Yitzhac Yzernitzky, as Chief of the National Military Organization, in Palestine. He had contacts with an agent of Germany Secret-Services, named Alfred Roser, as well as with Werner Otto Von Hentig, Representative of the External Relations Ministry. Von Hentig, while in occupied-Libya, delivered a letter to French-forces, favorable to Germany; this letter was written by Shamir and addressed Adolf Hitler...Here are some excerpts from that letter:

"...The objective of N.M.O. [National Military Organization] is to create a jewish-state inside of these historic-borders. Against all zionist-tendency, the N.M.O. rejects colonization/ infiltration as the only way to take-possession of the homeland. Combat and sacrifice is the only honest-way for the conquest and liberation of Palestine..."

"...Due to your military-character, and anti-English attitude, the N.M.O. is forced, under constant-persecution by the British-administration, to execute in secret, this political-activity and military formation..."

"...The N.M.O., who's terrorist-activities, begun in the Autumn, of 1936, had become particularly well-known, after the publication of the British White-Book

[summer, 1939], Through intensification of successful terrorist and sabotage-activities, against British-property.. Those activities were observed and publicized by the international-media..."

"...The N.M.O. is intimately-connected with the totalitarian-movements, such as their ideas and their structure. In declarations made by the Great-men of the National-Socialist state of Germany, it is frequently-expressed that one of the conditions for the New-Order in Europe, is the radical-solution of the jewish-question, through territorial-evacuation..." [you'll notice at that time, Shamir didn't define "territorial-evacuation" as the "final-solution of extermination"]...

"...The evacuation of the jewish-masses of Europe, is the first-condition for the solution of the jewish-question. However, that can only be possible, and succeed, through the colonization of those masses within the jewish-homeland of Palestine; and through the foundation of a jewish-state inside of these historic-borders..."

"...The solution of the Jewish problem in that way, and consequent concessions for the jewish-Volk freedom, has been the objective of the military and political- activity, carried-out by the Israel Freedom-Movement and National Military Organization, for many-years..."

"...The N.M.O. knows very well the good-will of the German Reich, and their authority regarding zionist-activities within Germany. In regards to the plans of zionist-evacuation, our opinion is this:

1. Common interest exists between the organization of Europe in conformity with the German-conception, and the true national will of the jewish-Volk, lead by N.M.O.
2. A collaboration, between the new-German, and the Hebraic-empire will be possible.
3. The foundation of a historic jewish-state, upon a nationalist and totalitarian base, connected to the German-Reich through a pact, will be in the future interests of Germany for a position in the middle east..."

"After completion of the reclamation of Palestine, the N.M.O. will offer to actively-participate in the war at the side of Germany, under the condition that the national-will of the Israel Freedom Movement referenced above, will be recognized by the German-Reich..." [WW-II Had already begun, one-year, four-months, and 10-days before]...

"...The indirect participation of the Israel Freedom Movement in the European New-Order, has already been prepared, and will be joined in one radical and

positive solution, for European-jewry, in Harmony with the national wills of the jewish-Volk. This shall be the moral principle of the New-Order, in the eyes of all humanity..."

The collaboration attempt by the Israel Freedom movement, correspond with a statement made in one of Hitler's last chancellery speech's, in which, he stated that he "...would sever any union, to win-over England." This fits with Hitler's response, after receiving this letter. Hitler answered with "we don't will union with zionist-traitors," and nothing more was said to that scum, Shamir!

for an armed-robbery, motivated by vice (as opposed to virtue).

I met a "rare individual" in 1994, who planted a seed of Aryan Folk-Consciousness that I am proud to say has found fertile ground and blossomed splendidly. I am a highly-spiritual man, but I refuse to fret over whether I wear the label of Christian-Identity, Odinist, Dualist, etc. I think that you will find that each branch of the Aryan family-tree has manifested doctrines over the millennia, which suit his character in whichever region or climate his will helped him to overcome. Aryan Man should not be restricted by any doctrine--religious or otherwise--which

ignores the dynamic nature of this Nordic-masterpiece. In any event, we find that the most distant members of this family (from the Brahmins and Magi of India and Persia to the Pythagorean and Druids of Greece and Western Europe) relentlessly hung-onto the organizing-principles and ways-of-life which set them apart from the rabble which they organized and put to work. So, we may safely-conclude that the Key to the Aryan is inherent in the forces of Nature that bore him. The watch-word is thus genetic-maintenance; it is a common goal for all aspects and views of our Movement.

In light of this view, I have adopted National Socialism as my own life-law. I maintain that National Socialism and any pro-Aryan religion are not mutually exclusive. Once we agree on a few key common-points, we can work-out all other details later; we have bigger fish to fry, in case you hadn't noticed. We should not ever, under any circumstances whatsoever, criticize the actions or beliefs of our Folk, unless that criticism is concisely qualified forthwith by a constructive-alternative of an intelligent and conciliatory-appeal to what one feels is truth. There is a time and place for all things. Please let common-sense and the common-weal forever be our guiding force.

It never ceases to disturb me, that members of our Movement (whose ultimate goal is racial-independence and self-determination) criticized the Order. Those are "tried and true" men! Robert Mathews offered up a blood-sacrifice which shall scream through the long night of Zionist Occupation, and call young lads and lasses to our cause for decades to come. I am reminded of a similar sacrifice that was offered-up by the leaders of the Irish "Easter

Gaelic-Greetings from the Northeast. I found myself pouring-over old issues of THULE this Yuletide Season because I am about to send them off to another prisoner who I hope to awaken. I have become increasingly enthusiastic about our Movement as of late, and, unfortunately, equally frustrated with my inability to spread the "good word." I am in a control unit, you see. I have been here since it opened in April of 1992, over 5-years to date. I have been in prison since I was 17 years-old (1990),

Rising" of 1916. Several men were executed after the rebellion was crushed. This rebellion was scorned at first too! However, the senseless executions, as well as the heroic-effort of these idealistic Volunteers sparked a flame in the Gaelic Folk-Consciousness that has yet to be extinguished. Never underestimate the power and value of the martyr! Hail Bob Mathews! Hail Brethren! And Hail their progeny, for it is up to us to decide our part in this Movement. We are the caretakers!

I have come to believe that the best way not to convert our people to our Movement is through ignorant (or uninformed) prejudices, or by blaming others for present conditions. The jews-media has made "scapegoating" seem ridiculous, even though 99.9 % of it is directly on point. No. I think that our best and truest vehicle for converting the white sheeple today is lengthy, intelligent, and calm (yet spirited) analysis of racial realities and their implications for Aryan man. We should never overtly display hostility for the enemy until we have made our case at length. You can be sure that animosity will arise in any proud white man once fully informed. However, let him express it first and never force it. Always maintain the composure and dignity of the Movement that you represent, however, be firm. There is no other way for our race; we will either gain final Victory or we will be to blame for the extinction of the most magnificent life-form to ever walk the earth. ## THE LIGHT IN THE DARKNESS

**By Daniel "RED BEARD" Coughlin, Incarcerated-Activist**

The shades of the prison-system descend upon our children the moment they arrive at any public school. Now well within the shroud of conformity, our children are virtually herded headlong into the mainstream and programmed in consumership, and taught not how to think, but what to think, in a rather mundane and repetitive form of existence. Our Folk is slowly, but surely dissolving, like someone's cloudy and muddled chemistry-experiment gone awry. The hands of the "Chosen Ones" master-plan are twisting around our people's neck; constantly and continuously keeping a strangle-hold on our Folk through the usual means--television-media, newspapers, and Hollywood's theatrical multicultural-campaign. It is apparent what "MTV" does to the mind of a white child! They imitate what they see. They feel they are rebelling against society. For the most part, they are. They are rebelling against Nature, for that is what the system is programming them to do. As long as the "Chosen Ones" have total-control over the system, and our Folk continues to participate in this massive Talmudic-judaization, we come closer to an Orwellian "1984" than one might imagine--through the gradual-obliviation of our "rights", all in the name of "security".

If the ranks of conscious Folk fail to grow, I fear we are doomed as a race. For it is the people who do not conform--the people who tarnish the system's cleverly manipulated plans--which stick-out like a sore thumb. Most people want to be left alone, simply because they believe there is less trouble in that way.

They believe in just going with the flow—but the flow is clogged and muddled, brown and black. There is no room for anything pure or white anymore. It is completely run by the multiculturalists and the pushers of the equalitarian-doctrine. Their plans ordain the complete annihilation—the total genocide—of our Folk! If only we had the foresight to put a stop to their pogrom. Now the damage is done—severe damage!

Can it be fixed? Who knows. But we must try. It does begin with every white man, woman, and child saying NO to the multicultural-equalitarian doctrine of genocide. That's a good start. For a genocidal-war has been declared on our entire Folk, whether you know, or accept it or not. If you cannot see this, then take a good, long, hard-look around. I say get your head up out of the ground, and good white people will be found!

Judaism says to "love", yet do the "Chosen Ones" act out of "love" when they promote the extinction of our Folk, with provocation of the black-African race into the destruction of natural-order, through miscegenation, and the subjugation of child-bearing white women? And does ZOG love you when it forces our kindred-children to go to school with other persons whose actions and intelligence are surpassed even by jungle-animals? And are they really concerned about your health and well-being when they continue to allow the alien-horde to overrun this country's borders, and your homes? I say NO! A resounding NO!

My question is, are we strong enough, as a Folk, to stand-up--intelligently and systematically--against this onslaught? Are we willing to seek-out and stand-with our Kinsmen? Are we willing to go against the flow, and stem the tide of self-destructive genocide? Now, my final question remains: What are you going to do about it, Kinsman? May we become the Light in the Darkness!

I say that we must not continue to allow our race to plunge deeper and deeper into the dark abyss. Our Folk are much smarter than this!

## THE WARRIOR WITHIN

*By Spencer Justus*

Unless you're the exception to the rule, being part of this struggle entails selfless-courage, and conscientiously-using one's "fear" to improve one's senses. As we all know, each and every one of us deals with both the possibilities, and actuality of danger differently. How our brain governs our reaction, is through what some have termed the "fight-or-flight" mode. What makes us, as warriors, deal with situations with a power and readiness to fight? Are we born with this characteristic, or is it a learned-behavior? What I can tell you is that I believe there is a process, and through this every-one of our Folk can tap-into the warrior-within. So, yes, I believe it could be a learned-behavior. I ponder these issues, because what matters-most to me in life is achieving the highest-levels of intelligence and courage possible, as a warrior for my Folk.

Through my experience and research, I have found that my environment, my choice of associates, and my style of living, directly correlate with my behavior. It has been said some can be characterized as iron, which is hard and unworkable. However, when sweet, soft, mournful-strains are allowed to be funneled into that soul, the effect, at first, on the energy and mind, is to soften--as in a furnace--being made-workable. In other words, I feel that those who are strong, and who

## "SAVE THE DREAM OF 1776"

Our forefathers departed from the warm-embrace of their wives and children, to courageously fight for what they believed in; no matter what the odds might have been. They purchased for us our freedom with their bloodshed; forever-leaving their loved-ones, who wept-in-pain. They knew they went-out and fought for the dream of freedom. Now it's our responsibility to save the "Dream of 1776."

The Declaration of Independence, signed for you and me, is a promise and guarantee, for all eternity; a promise and guarantee for our people to be free and safe, from foreign and domestic enemies. However, our leaders today fail to see that it is our domestic-enemies who are trying to destroy the dream. Wake-up "Caucasians," and see the need to fight, and save the "Dream of 1776."

Crime and violence in our streets, struggling to make-ends-meet; and in the "land-of-plenty" the poor on the streets have nothing to eat. The Federal Reserve System is bringing America to its knees. My fellow Brothers, and Sisters too, are out-there, trying

to warn you and make you see. But you fail to believe, at the same time you're too scared to even walk-down the street. It's time you joined us, and help save the "Dream of 1776," before our domestic-enemies make slaves of us for their One-World Government plan...

## THE TEACHING OF OUR WAYS!

*By Todd Morgan*

I've noticed that a growing number of younger-generation whites seem quite confused about our true Folkish way-of-life. The ones that I speak of are the so-called "wiggers," and the youths that really don't give-a-damn about the preservation and advancement of our race and origin. They seem more-interested in "MTV," "rap-music," talking/ acting like non-whites, or having any other non-Aryan character they can come-up with. It really sickens me to observe such filth! What went wrong with them? Is it their fault that they remain stuck in the wrong direction? In some cases, I believe it is; and in others, I feel that the fault lays with either their parents, the adults they look-up to, or their peer-group.

We obviously cannot rely-upon the schools or jewsmedia to teach our ways and ideology. If we continue to allow such trash to influence our children, imagine what the future will be like.

Children learn at an early age about how to act and what to believe. That is when this seed of ours must be planted in their minds. The schools, jewsmedia, and such, teach our children that integration, miscegenation, diversity, and any other anti-nature un-Folkish character is okay; and that the future will be just fine and dandy, if all races are mingled-together. We, as a Folk--as parents, warriors and maidens, need to dispute this bullshit, and instruct our children in the truth. They need to know that the trash that is being taught, is not really how it is. They need instruction in our Aryan-ways, and informed that anything else is a lie.

As said earlier, we--not our enemy--must plant the seed at an early-age. As a result, we'll have less white-youth straying towards anti-Aryan practices. Everyone that has any knowledge of our cause and movement, needs to be apart of instructing our children. Remember, they are the posterity of our Folk; so let's strengthen-them, and help them grow together.

## ALL THAT IS RIGHT

*By Jameyson MacDonald*

America, once a noble, civilized-nation, now drowns in a cesspool of miscegenation, violent-crime, and moral-decadence. Few Americans fail to see the rapidly-deteriorating state-of-our-nation. Yet, activism of any-sort, is an anathema to most.

Occasionally, someone finds the courage to stand-up and say, "I have had enough!", but more-often-than-not, they are left standing-alone, abandoned by family and friends.

While most Americans clearly-see the need for massive-change, they ape their masters' (the jewsmedia) denunciations of all who courageously-attempt to make changes. "Racists," "Bigots," and "Antisemites," are a few examples of the more-popular denunciations.

It matters-little, which course of action one takes, or the ideological-basis for that action; provided, one is actually trying to attack the current-problems. For, to act-out against a problem, is invariably, to act-out against the problems' author.

While many-there-are, who follow depravity, there is but one-author of it: the abominable "chosen-ones." Since the dawn of civilization, this detestable-ilk of people have sought to mangle all that is noble and right. They have taken-up residence in every advanced-nation, and, through both deceit and corruption, have elevated-themselves to key-positions in both government and media. With these positions, they have sought to enforce their will upon us.

Through their usury, they have made us their slaves. Through their unceasing-promotion of moral-depravity, they have made us animals; and through

their "multiculturalism," they have destroyed the sincerity of our bloodline. Where once there was pride, now there is shame. Rightfully-so; for there is no pride in allowing a race-of-parasites to destroy all-that-is-right.

## THIS PLANET WAS TERRA FORMED

*By Clifford E. Lewin*

No, I'm not a flying-saucer-nut. Any alien flying-saucers left a very long-time ago (the government has had hovercrafts since at-least 1950--constructed from N.S. German designs--and their military-use in Vietnam is documented. However, that has little to do with this article--just a related-hoax.).

List of facts:

1. Evolution, as proposed by Darwin, doesn't work. YOU could breed a dog to have all the characteristics of a cat; but it would still be a dog, genetically. It's obvious that all life-forms, even as complicated as an earthworm, are genetically-engineered NOT to evolve into different-creatures.

2. Nothing but deliberate-breeding, or genetic-engineering, would produce many improvements generally-attributed to evolution. As one of almost infinite examples: a bird's wing... Especially the feathers. Could any of the in-between stages be viable?

3. Our blood very-closely resembles the mineral-content of sea-water. In fact, the main small-differences could be accounted for by comparing it to sea-water; as many scientists estimate it, about 400-million-years ago.

4. Scientists can't engineer, or even truthfully-theorize, any conditions that will cause life to form from inorganic-compounds. Note the contradiction here... The sea-water match proves, with certainty, that we came from this planet, and from sea-creatures. However, some other visitor created-us. Who? What? It's anybody's guess (I would guess a silicone life-form, with a very-long/ life-long time-view. As I don't think carbon-based life can naturally-occur

anywhere. And we may be on the verge of creating silicone [chip] life ourselves. Note that we may not even think of such life as "real-life")...

...Lets examine this further:

5. Humans and chimpanzees are among the most similar of different-creatures. It would be about as easy to breed chimps to human-intelligence, as it would to breed a Chihuahua up-to a Great-Dane's size... Even so, adding all the cosmetic changes, it would still be a chimp. See Fact 1 (No, negroes are NOT different-creatures--they are just a different-race, as, unfortunately, they can breed with us. I'm using the term "creature," instead of the [deliberately?] misleading and subjective bio-terms; "species," "genus," and "family")... It's obvious that our original-prototype was genetically-engineered from a chimp. This was a relatively-hasty project. Genetic-scientists have found just a few, small differences, that distinguish us as a separate-creature. Perhaps the progenitors were behind-schedule? Maybe it was an experiment, or a joke? Who knows? With the limited-knowledge of genetics in his day, Darwin can't be faulted for theorizing that men evolved from apes.

Human pre-history is a series of new, superior-races, which replace (exterminate) an older-race. Taken in context of today's relative-tolerance, that doesn't seem likely, not without the instigation of a very-dominant secret-society.

Although there are still traces of Neanderthal blood-lines, especially in Negroes, nowhere is the bloodline even 50%-pure in a person (I've noticed a lot of the characteristics on many white-boxers and serial-killers.). After Neanderthal came Cro-Magnon, which is a major break-through, capable of rudimentary "compartmentalized-thinking," and is probably a product of relatively-minor genetic-engineering. Although it is politically-incorrect to say, it's obvious that Cro-Magnon = mongoloid... Then came white... Then came Nordic. The pure Nordic is your classic blue-eyed, blond. The white-race is deliberately-bred to be unsuitable to live without "climate-controlled" housing ( not running-naked in the sun). So, it's fairly-obvious that we were

deliberately-bred to be a space-faring race. There seems to be a lot of evidence that the breeding-area was the Tarim Basin, in the old Soviet-Union. A pure "white" race doesn't exist. As all whites have some degree of Nordic-blood. The development of the Nordic was the first time that the new-race wasn't pitted towards the destruction of the old. The Kelts, one of the oldest-races in history, were, from the beginning, a homogenized-mix of white and Nordic. It may have been the progenitors' intention that Nordics form the peoples' aristocracy. The Aryan-myth, from India and elsewhere, supports this idea. With the

Nordics' collection of recessive-genes, beautiful/handsome-features, and perfection-of-neoteny (neoteny being child-like features in adults--a major part of human/ape "evolutionary" development, genetically-paired with intelligence; a bio-term used mostly by anthropologists), the progenitors were assured that white/Nordics would eventually-dominate the gene-pool of any non-cannibal society (but, I for one, don't have their patience!) With the progenitors gone, white/Nordics built civilizations everywhere; including the Original "Chinese" and Egyptians. They were the

"Sea-People", or pre-Phoenicians. Wars of extermination, just for exterminations-sake, became rare. Most of these civilizations were lost because of larger-numbers of mongoloids and negroids--usually due to their inter-breeding with.

When Europe's population finally became significant, the race, once-again, became world-dominant. Unfortunately, beginning with the Punic-Wars, our people have fought their fiercest-wars against each-other. During the 20th century, we've allowed a miscongenic parasite-species, know as jew, to seize-control of our governments and monetary-affairs, and dupe-us into committing constant, slow-motion self-genocide.

It's hard to determine where negroes fit into pre-history. ZOG-scientists, who probably know, aren't telling. I doubt that they're the missing-link between Neanderthal and Cro-Magnon. More likely, they were a collection of Neanderthals, who survived the extermination in the inhospitable-tropics, bred

with mongoloids and white, and developed their own specialized-race. Their adult cranium-sizes are half-way between Neanderthal and white/mongoloid (elephants have been recently found to be more-intelligent than previously thought; they communicate with ultra-frequency sound, unheard by humans and some other creatures--and, are "smarter" at landscaping than humans. It's obvious to those who study them, that those bio-engineered bulldozers were designed to dominate most African-terrain--showing me that the progenitors intended us to live in more harmony with nature, than is possible now, with our current-population). If the American-negroes (actually a very mixed-race) were the sole-survivors of a world-holocaust, they would haphazardly selectively-breed into white.

You should note, that nowhere did natural selective-breeding "evolution" create any new human-race, or even any significant minor-changes. For instance, almost all the difference between Japanese, and standard mongoloids, is accounted-for by the mixing-with of mainly-Nordic Ainu. Similarly, haphazard "evolutionary" selective-breeding, has changed the wolf very-little since we first kidnapped and domesticated some of her pups. But look at the variety we have selectively-bred.

My conclusions don't call for great-level of intelligence, just an open-mind. So, evolution is obviously another zionist "religion," created by the white-coated rabbis of science; and It has caused a lot of misunderstanding among well-meaning gentiles... Even patriots.

There are other such zionist-hoaxes/"religions" (besides the holohoax). Psychiatry, which has never given-rise to anything useful. They only acknowledged hypnosis 45 years-ago, and it's marginally-useful core, which is Greek-mythology. The theory of relatively--treated as absolute fact, created by the "ether"-scientist, Einstein. Once the "ether"-theory was discredited, Einstein "left" his ether-brothers--who also loved to create many entertaining, but fraudulent-theories; abandoning

scientific-proof, and using mathematics as proof. The hoax was solid in Einstein's day. However, my little Casio is a more-accurate time-piecer than any in Einstein's day. An airline-pilot, over a year's-time, with the best time-pieces commercially-available,

could prove, or disprove; that velocity does NOT shorten-time. Remove that assumption, and all the other silliness collapses like a house-of-cards... Such as "short rulers." Funny how no one's published such and experiment, and how MUCH science, especially cottage industry how-to, is simply suppressed or divided-into trades, etc., to confuse. Curved space is a convenient substitute for ether.

Back to the subject...

I've separated my ounces-of-fact (and numbered them), from my pounds-of-speculation. I haven't bothered to show-proof, or even references. If you doubt those facts, PLEASE do your own-research. That's what I'm actually asking you for--to think for your bloody-selves! However, I'm sure that if you do, and keep an open mind,

your own pounds-of-speculation won't be much-different from mine. What's the significance? For one thing, you can throw away your prayer-books, OR, give them to the children. No one's book is correct. However, atheists can't claim that "Gods" don't exist (and those that have been worshipping-evolution, should be embarrassed). If you want to follow the spirit of those prayer-books. Then get your noses out of them, and take-back the white-race's destiny, as a space-faring people. If your god(s) come back at all, it's very-likely to occur in a million, to a billion-years from now. Why not physically-see your god(s)-out, and personally say "thank you!"

So... I'll add another fact:

6. The "L5 Society" has, for a long-time, maintained that space can be explored by private-enterprise (at a nice-profit) with existing-technology. They're discussing a moon-colony, which would make a very advantageous low-gravity space-station, and eventually, space-ship manufacturing-center. Free of atmospheric-interference, it could supply so much

### WAR AND MONEY

Francois Rabelais, 16th-century French-philosopher, social critic, observed that "The strength of a war waged without money is as fleeting as breath. Money is the sinews of battle." The outcome of every conflict, on a battlefield, in a board room, in the press-room, in a courtroom, depends upon who gives money; it separates the winners and the losers.

I passionately-practice this and always put my money where my mouth is!

Given the negative-forces (i.e., KZJ's) that actively and unceasingly work against all our efforts to build up our nation, our family, our Folk, realize, then, that we are, in fact, fighting a 'war', a war to ensure our own autonomy, our own security, our own freedom.

So give...now...and give big... to assist in this prime outreach...do it today...right this very moment.

power from solar-energy, via laser-transmission to earth, that burning-petrol would be obsolete. Also, the moon is an enormous, virgin land-mass. Mining the "L4" and "L5" asteroids trailing Jupiter, would end mineral-shortages.

Generation-ships, cheaper and more efficiently-built on the moon, could colonize other stars, and continue-on in a few-more generations. Of course, this will take many-years of work, and methodical-reinvestment (the Sci-Fi writer Robert Heinlein, is a member of the L5 society, and wrote a short-story collection publicizing it; funny how white-guys can only publish their scientific-speculation as Science-Fiction).

Why hasn't that miscegenation between low-quality white, and low-quality mongoloids, the jews (or did they come from a shipwrecked Farengi space-craft?), stolen our destiny, as they and their many-vassals have enslaved us? Because such a space-aged civilization would not tolerate a plutocracy; necessary for the zionists to maintain-control. with their survival "superiority" of viciousness and treachery. They know the historical-truth, that they are very ill-suited as explorers, builders, and inventors, and are not up to the task. With an Aryan-operated moon-base, military-power would quickly shift to earth-domination (hopefully not exerted) by the austere, brilliant, hard-working, moon-base Folk. So the decision rests upon us.

First, we must thoroughly cleanse this once, much-more beautiful-planet. Delenda Est Judaia!

## STRATEGY OR NOT?

*By Chris DeMunguia*

Suspensions were confirmed in 1996, of a Government-plot involving the CIA, who introduced "crack-cocaine" into inner-city ghetto's. This sparked a major uprising in black-communities throughout the nation. I submit that we, as white-racists, should have joined in the protests, as this situation also affects our people. I am not sympathetic to the "poor oppressed negroes" cliché, but crack-usage has crept out of the black-ghettos and into our white-neighborhoods. If you consider the increase in black-crime due to crack-use (i.e., rape, murder, theft, etc.), which, more often than not, involves white victims, you may see how this issue is just as

much our problem.

I feel that our spokesmen, men such as Pastor Butler, Louis Beam, Pastor Peters, etc., should have jumped at the chance to involve themselves in this issue, and seek media coverage. I think that we lost a prime opportunity to shatter the media's false-portrayal of us as being hate-filled, genocidal war-mongers, out only for our own benefit.

It is my belief that the more we support the likes of Farrakhan, the more we help ourselves and our own cause attain popularity, and more importantly, acceptance. I think that we also lost a chance to shatter, or at least puncture, the "divide and conquer" technique employed by ZOG and it's media.

This same method has been in use since the communist-movement came to America in the early 1800's, and so successfully plunged this nation into a bloody, fratricidal civil-war. We will probably never be able to take our cause to the top, unless we have far and wide acceptance from ALL the races in America. The saying, "The enemy of my enemy is my friend," fits well in this case! We must work simultaneously with the other races to live our own separate and independent existence's. The more we cultivate the idea of homogeneous-communities for and within each racial-group, the further we'll go.

For those of you, like myself, who are waiting for the RaHoWa, you will get what you want anyway. However, terrorism won't work unless you have support from the general-public. If you don't, both whites and non-whites alike will accept stiffer-laws, even martial-law, and will turn us in at every chance they get. Just think of the possibilities if we, and our cause, were accepted by a large number of the public.

Now, on to the more important aspect of this article: our own specific-agenda. I believe that we must exploit every opportunity to get the message across to both ZOG and the Goyim, that we are tired of this nonsense and demand an end to it. I feel that we must let them know that it is not-acceptable to force us to live with half-civilized hordes. The criminal and economic catastrophes must be placed in the laps of those who are responsible. Maybe--just maybe--more of our people will get involved then.

I feel we already have a racist-kindred population big-enough to make some changes. However, to me it seems most of them are no better than "Joe" and "Jane Six-pack." Actually, I feel some are worse, because they know what's going on and still don't do anything to repair the situation. At least "Joe" and "Jane" have the defense of being brainwashed/brain-dead! Maybe if we, as

organizations, flying our respective banners, were to act like ACTivists, something would get accomplished.

I ask that all those in leadership-positions of the separatist-movement give the above-said some consideration. If you are truly concerned with our Folk and its future, I hope some of you will stop lining-your-pockets with the proceeds from all the propaganda you sell, and start organizing mass-demonstrations and be the leaders you should be for a change. Mussolini's march on Rome wasn't done through a pen—it was through action! Hitler did not attain power through any means other than through action! George Lincoln Rockwell didn't stop the colored's "March on Capitol Hill" from his desk . . . IT WAS THROUGH HIS ACTION! If you're going to be a leader—then be one. Or else, step out of the way and start to follow.

## WHAT WILL IT TAKE

*By Wes Dellinger, Jr.*

I have to admit, it's a terrible-shame that white-Americans have evolved, systematically, into idiots. Too busy with their bills, jobs, and material possessions, to even use the time to read an informative-book. It's even worse when the little time they do have, they are filled with "controlled" information, instructing their robotic-programming even further. Apparently, all the positive-articles that are being written, the small-flow of "racial-books", and the ever-increasing display of government-tyranny, just doesn't seem to phase them.

Our society continually witnesses repulsive-acts, committed by our "leaders", yet does nothing about it! They are more-preoccupied with the commercials--searching for "sales"--rather than with the actual-contents of the program (being filled-in around the commercials). Even the jewsmedia knows that white-Americans have become complacent, mindless-idiots, which

enables the "chosen-one's" and their lackeys, to actually show the masses the cruelty of their "leaders" and their "proud nation", in such a bold-content, that no one could possibly-argue that it is biased. It is true; you can slowly-feed poison to a person until he becomes immune.

Although this is understood by "conscious-racialists", what are we to do? Are we to follow the inspiration of scenarios in the "Turner Diaries"—a book written by a white-man, for the white-man, but now the publishing-rights of which are owned by a jew? Even if we were to follow this book to the letter, it would ultimately not gain us our nation of "Supermen", would it? So, are we to attempt a political-takeover, by way of vote, come year-2000? Maybe... Or, should we continue to "prepare" by stockpiling and caching various-provisions, while others continue to prepare our "New-Dawn" doctrine? Maybe even a conglomeration of all these ideas, as well as moving our loved-ones to the "Northwest-Imperative Nation". While in the meantime, slowly cleansing our inner-perimeter, making it more self-sufficient and military-defensible!

We know what really needs to be done, although our methods of operations may differ from area-to-area, and the discussion here of such suggested-methods, may have legal-implications for those involved. Even so, if we were to have our established-perimeters, our stockpiled-supplies, and the "New Doctrine", how would one identify the battle-call? How would one heed the catalyst of our "New Nation", and yet, not be fooled by any deceitful-ploy? Should we even need the sounding of an alarm? If each of us, in our own communities, could be responsible for our own region, we could

simply deploy our military (militia), secure our own perimeters, and declare separate-nations. Of course, ZOG won't go for that; but militarily, they wouldn't be able to over-run all of our standing-positions. Hence, making-possible some type of hearing, or "peace-talks". Maybe we could rattle-the-fences enough to gain support for a European-migration, or possibly, a "third-political-party", prompting a VOTE. I would love to see simultaneous-operations, culminating in every able-bodied white-man shooting, or blowing-up

everything that isn't ours and/or Folkish-in-heart-and-soul.

Personally, I can't see how a people as great as our own, could be brought to a stalemate with the

"race-problem". By now, we should have eliminated all Blood adversaries from our Global-Kingdom. Then, proceeded with our quest for "Die Übermenschafft!" We are of Higher-Blood; this must never be forgotten. How can it be, that the Aryan is not yet alone on this planet? This world is OURS, People!!! All of It!...

With our minds, and our Will, we could have other-worlds as well. I'm confident that you know, as well as I, that it will be our Folk who explores the cosmos, and inhabits these new-worlds, as well as creates the technology that makes it possible. So, why... WHY are we stuck, prevented from abolishing these parasites from our world? Why have some of our people slipped-into some manner of robotic-trance? What can we, as individual white-Völk, do to reverse this subservient and blood-spoiling manner. *Maybe* the answers are buried between the lines of this article. Surely, they've been written somewhere before... *Maybe* one needs to tap-into that inward Ancestral-Flow of Wisdom, to discover just what station he/she is cut-out for. However, be certain of this; you'll certainly-not find it with your t.v.-remote, or discover-it during your 90-hour work-week!!

## "THE BRITISH-EDDA"; EXCERPT OF KING THOR'S TEN COMMANDMENTS

*Reconstructed/Translated By*

*DR. L. A. WADDELL, 1930*

These ten commandments of King Thor are called "*Hug Runes*". Hug literally means "affection, love, good heart," with the idea of "hugging" in friendship and love; and it is also defined as "sincerity and courage". And these commands or maxims are interpreted as religious rules of *Righteousness, Love, and Duty*. We have seen that Thor's first message on his advent was the message of Brotherly Love, and these commandments or counsels are expansions of that message. It is stated that the saying or repeating of them, or even the hearing of them in silence committed the sayer or hearer to their observance. They thus seem, along with Thor's baptism by water (a rite wholly unknown to the Hebrews of the Old Testament and essentially of the Celtic religion of the Sun and the Cross) to have formed part of the initiation into King Thor's new ethical religion of the Cross. An eleventh is added in the traditional manuscripts, but it is essentially

the same as the tenth and is obviously an addition of later bards. The text is here translated literally, as far as possible, for the first time. Guen-Ever, who recites the verses to her son Gunn, thus speaks:

### *Guen-Ever quoths:*

Hug Runes should'st thou know if thou would'st be

Gooder than the swaines of common men.

Now shalt thou choose whether I be silent, or bid me

These whetted (moral) weapons launch at thee!

Saying these, or hearing them in silence, handcuffs thyself to Hug.

All are from the mind of Meti (King Thor).

### *Gunn:*

Flinch not will I, e'en tho' I knew I was death-fated:

I was not born a coward blade.

Thy loving counsels all will I (cherished) keep,

So long as I shall live.

### *Guen-Ever:*

#### **This I counsel thee Firstly:**

That thou with thy friends

Blameless be;

E'en tho' they heave sides against thee, scathe not in gore.

That will duly speak (for thee) when thou art dead.

#### **This I counsel thee Another:**

That thou swear no oath

Unless thou know'st it to be true.

Grim limb'd goes the tricky ruffian,

A harmfull wretch is the pledge-breaker.

#### **This I counsel thee Thirdly:**

That thou in the ALLTHING court

Deal not hardly against (witless) homeless helots.

For a witless mouth may let out words

Worse than it wots of.

Not all (confessions) are wanted. If thou against him 'tush,'

He'll think thee midst the coward blades born,

Or, soon for settling it himself

will say:

'Hated are the words of  
homeless people,

Only the Goths get Justice!'

Then another day forth he'll  
fare

And launch himself against the  
(fancied) lissom liar.

**This I counsel thee Fourthly:**

If a byre fortune-teller

Blameful be in the way,

Going on beyond is better than  
staying there,

E'en tho' night o'ertake thee.

Foresighted eyes are needed  
for our sons,

Where skulking wolf-wretches  
are in the way.

Oft where a baleful visaged  
woman stands near the beat (-en  
track)

There's a sword deaver in the  
sedges.

**This I counsel thee Fifthly:**

When thou see'st fair

Unwedded 'brides' on the  
benches, and

Silvery-tongued, let them not  
rid thee of sleep,

Touch not the women nor kiss

them.

**This I counsel thee Sixthly:**

Tho' high words fare forth

At Ale-banquet meets, still  
never

Deal scarlet drunk men with  
doleful wood (sword).

Much wine steals the wits

Jibing sayings over ale have  
hustl'd

Men to moody grievous wrath,

Some to baneful death, some  
to baleful staves:

Manifold are the griefs to their  
farers.

**This I counsel thee  
Seventhly:**

If thou hast a scathe-deal

With huggable men or helots,

'Tis better to brawl or burn  
outside,

Than inside with odious (word-)  
staves.

**This I counsel thee Eighthly:**

That thou shalt see no ill,

And forego false speech.

Touch not a maid or another  
man's wife,

Nor egg them on to shame.

**This I counsel thee Ninthly:**

That thou an outcast save

Where'er thou findest one  
outside a fold.

Where there's a sick-dead, or  
sea-dead,

Or weapon-dead man,

Thou shalt lave and garb him,  
and lay him

Kempt and dried, ere in the kist  
he fares,

And bid him sweetly sleep.

**This I counsel thee Tenthly:**

That thou ne'er trust

Pledged words o' a Wolf-triber  
a drop,

Where thou hast baned his  
brother,

Or hast fell'd his father.

The Wolf remains in the young  
son,

Tho' he may have been  
gladden'd with gold.

Scathes and hates think not of  
even in sleep,

Nor hold them in thy arms.

But wits and weapons every  
one wants to fetch

When they fare forth midst  
foreign people.

**The American Government** (like all governments) says it is based on the rule of law, rather than upon men, and that allegedly, laws are meant to protect society. Neither is true.

The State is not the society, the people, or the nation. It is the coercive apparatus (police, army, courts, etc.), while government is it's political and administrative-apparatus. Laws are not meant to protect society, but rather to protect capitalist-property and to repress the working-class. Laws are an instrument of class-rule. Politicians, judges, police officers, and other public officials, are chosen for their trustworthiness "to the rule of law," but not in a neutral-sense. They are agents of the state, and do only it's bidding. Even when they have any qualms about it. That is why the argument about the "good cop" is a joke. All cops are hired to repress the working-class, and not just to "protect society" Their job makes it possible for the capitalist to have a stable social-environment, so that he can make profits. The law is an artificial device, used to protect the rich, and punish the poor. Cops are the political-prostitutes and lap-dogs of the big capitalists. This is so, even if they don't recognize or believe it.

In regard to the comments of the inmate in Tenn. Colony, TX, in issue-one, Vol. II (the one whining about people treating P.O.W.'s and Political-Prisoners as if they were a cut above us prison-converts). If he is well read in the history of The Order, and some of these other P.O.W.'s, and does realize the sacrifices that these Men, Nay, GODS, have made so that he and his posterity may one day live in a Whiter and Brighter world. I would not think that he would somehow still have the audacity to think that someone can go to prison for stealing hubcaps to support a crack-habit, become racially-conscious, and start to goose-step around and pass-out literature, safely from his 8' x 10' administrative-segregation cell, and think this makes him eligible to be on a par with these Martyrs. This is not a popularity contest. If you want to write your way into history books, there is a Ryder-truck gassed-up and waiting for you when you get out. Until then, quit sniveling.

Greetings Kin,

I'm sure all of you activists, behind and beyond the wire, are well-acquainted with at least some of the more important-goals our movement is struggling to reach. There are very-many indeed. But one of the most important, which stands out in my mind, is the need to make more of our Folk aware of the struggle itself, and to get them motivated to do something--Whatever--to help us advance. This is aimed primarily at brothers and sisters inside.

A lot of would-be activists probably feel helpless, but no one is helpless. Anyone that honestly looks for something to do to help, will find ways. If you "can't" find a way, you simply do not desire it enough. If you only have one racist-comrade, you have the means to make the necessary contracts. If you only have one racist-address to write to, start by writing to it, and requesting more info and

connections. Do this until you find a group, or person, that can steer you towards a way of becoming a productive-force. Don't give up if your first-efforts fall through. If there is no one around to inform you, keep searching.

An excellent example is myself. I struggled and struggled, just to find a way to become an activist in the white-nationalist revolution. I found the Aryan-Atheist, and an idea for producing a 'zine ("Brainkrieg") from prison.

I focus all of my energies into deciding the best-ways to carry my weight in this great ideological-struggle, and then try them out. Being indigent makes this twice as hard, but a passionate desire for Folk helps to overcome this and the many other obstacles (such as mailroom hassles and pressure from the prison administrators).

So use your Aryan-abilities (screw laziness) to help strengthen and further our cause. Pass along info, literature, contacts, and addresses. Try out all ideas you come up with. If we are to return to "society" as productive forces, and not be forever in and out of prison, we've got to educate ourselves and prepare now. If, in our hearts, we really want the "14 words", then we've also got to educate our friends and comrades. That is true "activism"!!!

Most of you reading this already have enough insight into the movement to greatly promote activism, and educate those with little or no direction. To you I say, put your skills to use immediately!!

Arisch Begrüssung!

It seems that a popular-sentiment, currently among the racist-movement, is that now is the time, for open, direct-warfare against our enemies. With this I must agree, to an extent.

## Thule: Prisoners Historical, Political, Philosophical & Spiritual Journal

I feel we must make major-advances in the propaganda-war, or we risk the danger of uniting the Folk, who remain blinded to the truth, against us. The power of the jewsmedia is vast and powerful, and must be exposed for what it is.

Does this mean we should take no action at present, to reduce the numbers of our enemies? Of course not! Organized guerrilla-campaigns, executed by trained-soldiers, are highly-effective. This type of action must be utilized, along with mass-propaganda, to weaken and demoralize the JOG. After all, isn't that how the "chosen-ones" stole Israel from the British? Isn't that how numerous ZOG-sponsored communist-rebels overthrew stronger governments? Unfortunately so.

We can take a valuable lesson from the history of our enemies. Through massive propaganda campaigns, and properly planned guerrilla-warfare, we will succeed in arousing the Warrior-spirit that dwells in all Aryans, uniting them, to strike the final crushing-offensive against the JOG, and seize control of our destiny and guide our progeny to glory. Hagel Sieg!

Greetings to all Convicts of Tennessee,

I will come right to the point: that this letter is an attempt to unite the prisoners of this man-made purgatory (deemed "humane" by society), into one unified body of persons, which, in my opinion, would have the potential to bring about the necessary-changes needed by this system.

We all have individual-views, set for ourselves and in our own ideals, about how we may achieve certain goals.

We all face the same adversaries/oppressors/enemies, and we need to combine our energies to combat the manipulation being applied upon us each captive-day of our lives.

"Divide and conquer" is and has been a successful military-tactic for a good-many years, and is alive and well, being used against us today. We are divided for varied reasons, none of which couldn't be rectified at a later time... MAYBE WHEN WE ARE FREE!

Someone once wrote: *"I cannot call myself a man, if I allow my oppressors to treat me like a dog. I would rather endure the pain inflicted by their fist and feet, than suffer the humiliation of being humble in their presence. I will not be made to cower and crawl, for those who would rob me of my pride and dignity, as well as my self-respect. I will never deceive myself that there is nothing I can do to right these wrongs set upon me by my oppressors."*

We all experience feelings of rage and anger, some more than others. It is certain that our captors are partly responsible for their existence.

Again, we are struggling-towards the same basic-goals: freedom and the right to self-determination. I have found that some prisoners do their time silently, while others find the need to yell-out. Others do their time productively, and some negatively. Some I have grown to hate, and don't even know their names--the ones who collaborate with our enemies to oppress us. No one can spend long-periods of time in these human-mazes, and not acquire enemies. But at the same time, I've met a lot of good men over the years, one's who I would entrust my very life with.

The bottom line is, WE ARE ALL AT WAR... A WAR AGAINST THE ESTABLISHMENT! Let us bring an end to the "divide and conquer" and manipulation tactics being utilized against us.

I have a limited-education at best, and I assure you, I don't have all the answers. But I do know that it is time for us to unite, TO MAKE THE JOURNEY THROUGH LIFE A LITTLE LESS DEHUMANIZING, AND LITTLE MORE HUMANE!

To all POW's and Political Prisoners throughout the world,

With these few words, I wish to say "thank you" to all my comrades that have supported me in my work with, and for the prisoners world wide. Because of the extremely adverse political situation for us here, we have, at this time, more than 140 POW's/Political Prisoners on our international prisoner list; which makes it almost impossible for me to personally contact each one.

So, let me use this opportunity to thank all of you—be strong in our struggle for victory & a prosperous future for our Folk. Let us all remember the 14-Words!

With gratitude,

Andreas Marhauer

## Help our Racial Prisoners!

We must not forget the men and women who have given their freedom for the 14 words! Many of our racial kin are behind bars, all across the world.

*Women for Aryan Unity* are strong supporters of our P.O.W.'s and Political Prisoners. We help them as much as we can: sending them zines, literature, books, etc. But, it can get expensive. This is where we need YOUR help! It only takes a couple of bucks, or a bunch of stamps, to send out a few zines to a prisoner.

If any of you have ever been behind-the-wire, then you know how these brothers and sisters want good reading material. Also, when a parcel of zines and literature is sent to Racial prisoners, they pass it around to other incarcerated kindred, and our voice is heard! Please help our Racial Kin! They are in there for us, now we need to be out here for them!

Send stamps and/or well-concealed cash, and state that it is for the Prisoner Support Program, to:

## GUIDELINES FOR SUBMITTALS AND CORRESPONDENCE:

All those wishing to submit stories, essays, research, articles, and poems; we ask that you follow these guidelines:

I) Submittals be TYPED (you may print only if you have no access to a type-writer, but do so in pen, clearly, so it is legible), double-spaced (this is for editing and computer-scanning purposes).

II) All artwork should be no larger than 8 1/2" x 11", and done in ink (some darker pencil-works are acceptable for our printer).

Please refrain from openly and blatant racial themes and designs, e.g., Swazi's, Double Lightning-Bolts, Klansmen, Skinheads, etc. (remember, we wish this publication to reach ALL our locked-down brothers & sisters; flagrant racial overtones lead to mail-room rejections. Our message must be above and beyond their simple, base-reactions!).

III) Refrain from asinine ethnic/racial slurs and insults. Keep clear of tired and rehashed themes and ideas-or at least approach them from a fresh, new perspective. Don't pontificate; if you find yourself repeatedly writing "we must this", "you must that", try re-writing your piece from a more explanatory, creative, or light-hearted point of view. All submittals will be printed at the discretion of the THULE staff.

For all letters of inquiry, submittals or correspondence, please write the following information, CLEARLY, at the top right-hand corner of the first-page:

YOUR FULL NAME,

TITLE (POW, PP, Convert, Prisoner, etc.),

YOUR PRISON I.D. NUMBER,

YOUR CONVICTION-DATE,

YOUR RELEASE-DATE,

PRISON NAME,

ADDRESS,

CITY-STATE-ZIP,

DATE.

NOTE: All submittals & correspondence MUST be addressed to:
